

Observações:

1 - A última estante a ser fixada terá de o ser com os vidros colocados.

2 - Os suportes serão fixados à parede em três pontos, nos sulcos dos vidros para não ficarem aparentes. As buchas deverão ser do tipo "borboleta" e fixarão a duplos montantes existentes nas paredes.

3 - No suporte coincidente com a cassete da porta de correr a fixação deverá ser feita com parafuso de cabeça do lado da cassete e porca do lado do suporte, de modo a que não interfira no funcionamento da porta.
